

# How Great is Our God

Psalm 8

Pastor Jerry Morningstar

August 18, 2024

## I. Maker of Heaven and Earth - vv. 1-3

## II. Maker of Man - vv. 3-9

Millard Erickson: 'If we were to find a watch lying on the sand, we would immediately recognize it as a watch, for all of its parts are ideally suited to the purpose of recording and displaying the time. We would *certainly* not say, 'what an amazing coincidence!' We would recognize that some able person must have planned and brought about the amazing way in which each part fits in with the other parts. Similarly, the way in which each part of nature meshes so well with every other part, and the striking fashion in which various components of the whole seem adapted to the fulfillment of certain functions, cannot be dismissed as a fortuitous concatenation of circumstances. Someone must have designed and constructed digestive systems, eyes, properly balanced atmospheres, and much else in our world. All of this argues for the existence of a supreme designer, a wise and capable creator.'
